EDUCATION

MS Electrical Engineering- Communication Systems NOV 2019

Sadjad Institute of Technology, Mashhad, Iran

GPA: 16.31/20

Thesis: “Off-grid DOA estimation in presence of clutter and measurement noise”

Advisor: Dr. Ghazaleh Sarbishei

BS Electrical Engineering-Electronic JAN 2015

Imam Reza International University

GPA: 15.63/20

Thesis: Semiconductors Lasers

Advisor: Dr. Khosroabadi

RESEARCH INTERESTS

- Array signal processing
- Faster-than-Nyquist Signaling
- Compressive Sensing
- Information theory learning
- Machine learning for wireless communications

PUBLICATIONS

Journal Publications

Ebrahimi, S., Sarbishaei, G. & Hodtani, G.A. Off-Grid direction of arrival estimation in the presence of measurement noise and heavy cluttered environment. SIViP 15, 695–703 (2021).
<https://doi.org/10.1007/s11760-020-01787-0>

Ebrahimi, S. "Cardinal Exponential-Spline Pulse Shaping for Faster-than-Nyquist Signaling" IEEE Wireless Communications Letters (Under Review).

EXPERIENCE

Teaching Assistance

- Introduction on Communication Systems, Imam Reza International University
Spring 2014

Research Assistance

- Part time research assistance at electronics lab, Imam Reza International University
Summer 2013

- Mentored two undergraduate students in their thesis on TMS320F2812 digital signal processor, Sadjad Institute of Technology Summer 2018

Working Experience

- Cell phone repair technicians, Mashhad, Iran Summer 2015
- Embedded systems programming, Alia Co, Mashhad, Iran Summer 2017

SELECTED COURSES AND GRADES

Graduate

Wireless Communications, Dr. Sarbishei, 18.75/20
 Cryptography, Dr. Aminian Modarres, 17.75/20
 Channel Coding, Prof. Hodtani, 17/20
 Digital Image Processing, Dr. Sarbishei, 16.5/20

Undergraduate

Bachelor's Final Project, Dr. Khosroabadi, 20/20
 Industrial Electronics, Dr. Hamidi, 18.75/20
 Signals and Systems, Dr. Nasshe, 17.50/20
 Digital Signal Processing, Dr. Shaerbaf, 17/20

TECHNICAL SKILLS

Programming: C, MATLAB

Computer aided design/engineering: ARM uVision, STM32CubeIDE, Altium Designer

Hardware Platforms: ARM Microcontrollers, Arduino, AVR Micro Controllers

LANGUAGES

English: IELTS 6.5, August 30th 2021

OTHER

Hobbies:

- Cycling
- Swimming
- Aqua scaping and freshwater fishes
